Grade

I have sufficient knowledge and experience on operating, montage, skade system  
automization, control, repairing and commissioning of temperature, flow, pressure, level, pH,  
conductivity, turbidity, density analyses, control, parts, valves (pneumatic and electric),  
fire gas sistemleri.and dcs system. siemens s7-300 plc system working and .wincc scada with  
control.i dont know plc program written

.pressure transmitter.and switch.level transmitter and switch,flow transmitterand  
switch,temperature transmitter and swich,mas flowmeter and pdt transmitter and switch  
.insalation.maintance.lcp-panel connection and control.RTU panel connection.control and  
profibus cable connection.and control .dcs siysem VFD.frekans konvertörleri with AC  
motorların.speed control.İ have try.

etc. systems. I am educated on ISO 9002, ISO 14001, OHSAS 18001 subjects.

I am retired since 07.03.2005
